

Professional Engineer Opportunity: Serve on the MHFD Board of Directors

The Mile High Flood District is seeking a **licensed Professional Engineer to serve on our Board of Directors**, beginning in February 2027.

MHFD is governed by a 24-member Board of Directors consisting of 22 elected officials and two board-appointed professional engineers. Our professional engineer directors bring valuable technical insight to the Board and help support MHFD's work to protect people, property, and communities throughout the region.

Professional engineer directors are appointed to two-year terms and may be reappointed for subsequent terms.

Time Commitment

The Board generally meets **six to eight months each year**, on the third Thursday of the month. Meetings begin at 1:00 p.m. and typically last two hours or less.

Meetings are held at our office in Lakewood, Colorado, with hybrid participation available as needed. The two professional engineer directors also meet with staff at 11:30 a.m. before each Board meeting to review technical questions related to Board materials.

Board members may also be asked to serve on committees or participate in other District-related meetings or activities from time to time.

A token stipend is provided for each Board meeting attended, and lunch is provided.

Candidate Requirements

The successful candidate must:

- Possess and maintain a current Colorado Professional Engineer license, with civil engineering preferred
- Live and be a registered voter within the MHFD District boundary
- Not be an officer or employee of any public body
- Not be a director, officer, partner, employee, or consultant of a business doing or seeking to do business with MHFD
- Be able to commit, to the best of their ability, to attending all Board meetings

Who We're Looking For

Beyond meeting the eligibility requirements, we are looking for someone who understands and supports MHFD's mission, vision, and core values and appreciates the important role the District plays in serving communities across the region.

We're also looking for someone who is willing and able to make the time commitment needed to be an engaged board member, including attending regular Board meetings, preparing for meetings, and participating on committees or in other District activities as needed.

This is an opportunity to **bring your professional experience and perspective to regional decision-making, collaborate with local leaders, and give back to the community through meaningful public service.**

How to Apply

Interested candidates should submit a **resume and cover letter** to Human Resources Director **Amelia Deleon** at adeleon@mhfd.org by **Friday, November 13, 2026.**
